The aloe vera hair maintenance system  
recommended by pharmacists

## MOISTURIZER

Moisture Infusion Steam Therapy (M.I.S.T.)

**M.I.S.T.** works as moisture infusion steam treatment.

(This is the treatment recommended for severely dry, damaged and breaking hair)

**Directions:** Apply small amount to dry hair and scalp prior to evening bath or shower. Cover with plastic cap & bathe or shower as usual. The steam activates the release of moisturizing agents which penetrate deep into the hair shaft. Remove the cap then set hair as usual.

**M.I.S.T.** works as a leave-in conditioner.

**Directions:** Apply small amount to damp hair, gently comb through, then set or dry as usual. Do not rinse.

**M.I.S.T.** works as a pre-treatment for chemical services.

**Directions:** Apply ample amount to palm and gently work through hair and scalp, before any chemical service. Apply at least 1 hour before service.

**M.I.S.T.** works as a hair dress.

**Directions:** Apply a small amount to palm and gently work through hair and scalp, then style as usual.

**M.I.S.T.** mixed with Silky Lotion or Silky Cream(50/50) as a hair dress:

**Directions:** Apply a small amount of M.I.S.T. with an equal part of Silky Control Lotion or Silky Control Cream to palm and gently work through hair and scalp, then style as usual.
