Robyn Conyers (St. Petersburg, FL)

"I have grown more than five inches on the side and shoulder length on the back. All this happened in less than a year. Nature's Prescription products are the only products I use and will continue to use."

Evet R. Flanagan (Oakland, CA)

"I've tried different products before but none of them worked. My hair came out about five years ago, only in the top front of my head, completely out like men's hair recede. This is the only product that made my hair come back. I use the M.I.S.T. daily and will continue to do so. Please don't stop making it, because it is a great product."

Joyce A. Primus (Tampa, FL)

"I searched for a product that would counteract the effects of the chemicals, chlorine and the harsh dry conditions of the desert. Successfully, I was able to locate Nature's Prescription on the web. Your products are wonderful! The Pre-Swim conditioner provided a remedy and I have improved hair growth and strength. Thank you, Nature's Prescription."

Hazel Love (Lancaster, CA)

"My hair was extremely dry, thinning and prone to breakage, but since I started using the M.I.S.T., my hair became less dry which resulted in less breakage. I'm very pleased with Nature's Prescription products and would highly recommend them."
